

LA CUVÉE MYTHIQUE

VIGNERONS DE LA MÉDITERRANÉE

Languedoc, France

Vin de Pays d'Oc Prestige Cuvée 2006

THE VINEYARD

La Cuvée Mythique was created by the Val d'Orbieu in 1990 to assert the incredible potential of the terroirs of the Languedoc-Roussillon. The wines are blended from more than one hundred different carefully selected wines from the appellations of Corbières, Minervois and St. Chinian and aged in a new cellar totally dedicated to La Cuvée Mythique. Les Vignerons du Val d'Orbieu was established in 1967 by a small group of dynamic winemakers whose vineyards border the picturesque Orbieu River in the heart of the Corbières. Today the company is one of France's largest.

HARVEST & AGEING

A quintessential Languedoc wine, La Cuvée Mythique is carefully blended from the highest quality grapes and each varietal is selected from low yielding vineyards. Each varietal is individually vinified Syrah, Mourvèdre, Grenache and Carignan. Winemaking is done with minimal intervention and bottled without filtration. Over one hundred individual wines are tasted before the final assemblage is made, and then carefully aged in small oak casks for 8 to 10 months.
